# Dynamic Creative – Shopping Tools Module

Last updated: February 21, 2024

# Description

A customizable creative with dynamic elements designed for upper funnel tactics, the Shopping Tools Module (STM) is designed to not only capture and retain shoppers while they are in active search mode, but it also builds credibility and trust with its look and feel. This particular ad unit emphasizes the user's natural inclination to research a particular model by featuring numerous key KPI links, maximizing opportunity to drive shopping actions. The intent of the template options enable advertisers to increase on-page relevancy, enhance performance, and differentiate the messaging.
